STR-R-R-ETCH
YOUR DOLLAR
at the Economy Headquarters
KOBERG
CHEV. INC.

"It is no longer necessary to sacrifice room and
comfort for good gas economy. The 1980 full
size Chevrolet equipped with a Standard V-6
Engine and automatic transmission gets only two
m.p.g. less in city driving than our 1980 Citation
with similar equipment. Now is the time to enjoy
full sized roominess and comfort, plus GREAT
GAS ECONOMY. Declare your energy indepen-
dence. Come out and test drive a 1980 Caprice
or Impala today."
Dick Koberg

Q. WHAT IS THE
MILKY WAY?

SHEILA BROWN,
OF SAN DIEGO, CA,
WINS A PRIZE FOR
THIS QUESTION.

© 1989 United Feature Syndicate, Inc.
62-2-22

A. On a clear night
 you can see a
 pale white path
 of light that stretches
 across the sky. This is the
 Milky Way. It is the light
 from the billions of stars
 that make up the Milky
 Way Galaxy - the star
 system to which our sun
 belongs. If we could view it
 from far enough away, the
 Milky Way Galaxy would
 look like a great spiraling

disk with most of the stars
 in the center and our sun
 near the edge. When we
 look at the Milky Way, we
 are looking toward the
 deepest and densest part of
 the galaxy. We see so many
 stars, they seem to make a
 continuous path of light.

You can win a World Atlas
 and if your question is chosen
 as the best, you can win a
 \$1000 prize. Write to:
 JOHNNY WONDER, c/o
